Soldier's Story Wins Him Freedom

A thrilling recital by Harry Martin, former Canadian soldier, of his experiences on the fields of battle in the World War and his military service, won the sympathy of court officials and spectators alike when he was brought before Judge Thomas in Common Pleas court Thursday morning to meet an indictment for driving away Arthur Hamma's automobile from the city about four weeks ago without the owner's consent.

Martin told the court that he served more than four years in the Canadian army during the big conflict and participated in most of the major battles of the war and in addition to being gassed was seriously wounded several times. His story touched the court and others to the extent that after Judge Thomas extended clemency and ordered the release of the accused the sum of \$27 was promptly paid and presented to Martin to pay his transportation back to his old home in Toronto. Martin was profuse in his thanks of appreciation for the consideration shown him here. He admitted taking the machine and driving it to Chillicothe, where he was caught, but declared he had no intention of stealing the car but simply appropriated it to his own use temporarily in order to get to Chillicothe. He left for home on an afternoon train.

Things Seen In Portsmouth

Hilltop dad and four sons washing family silver.

Three hoppers asking for credit in flax joint before they could drink. Cute thing in flannels blew in and coughed up.

Four couples parked on Gay street between Second and Third. Lover's latest outfit were.

Oh gosh! Sweet young thing all dolled up in blue hat, blue dress, blue hose and blue shoes. Yes and blue eyes. Blue!

Third street man carrying big chicken coop across street.

TO VIEW SITES FOR NEW HOMES

The special committee from the Industrial Relations Committee of the Chamber of Commerce named to consider plans for the building of homes for red and wire mill employees of the Whitaker-Glessner Company, will be busy the next few days viewing and inspecting proposed sites for the houses. A number of realty owners have submitted prices on land they would like to sell as the sites for the number of new houses that are to be needed.

Gypsies Run Out Of Otway And Rarden

A band of gypsies swooped down on Rarden and Otway yesterday, but officials of these villages kept them on the move and they did not tarry long. Buddy Bush of Rarden was held up by the gypsies, but as he had no money the gypsies made a water haul.

Judge Ball Candidate

Judge Harry M. Ball announced today that he would be a candidate for the state legislature on the Republican ticket, subject to the vote at the primaries in August. His declaration as a candidate for the office was filed today with J. P. Johnley, clerk of the Board of Elections. The only other person to announce himself as a candidate for state representative is Attorney Luther Thompson. George Matthews is the present holder of the office and he is serving his second term.

Judge Ball has entered the race after being urged for sometime by his friends to enter the field. He has held the office of Probate Judge of this county and at one time was City Solicitor and feels that he is qualified to hold the office which he seeks. Judge Ball has many friends who will be glad to learn that he is in the race for the office of representative.

Undergoes Operation

Mr. Charles Winchell, of Ninth street was operated on successfully at Schirman hospital this morning. Dr. H. A. Schirman and Dr. Wm. D. Schaefer performed the operation and Dr. L. G. Locke was the attending physician.

Competitive Exam

The United States Civil Service Commission announces an open competitive examination to secure eligibles from which to make certification to fill vacancies in general clerical and similar positions, in the field service, as they may occur in the various branches of the United States classified service in the sixth civil service district, comprising the states of Ohio, Indiana and Kentucky.

This examination supersedes the examination heretofore known as the first grade clerical, and will be held at Portsmouth, Ohio, July 11, 1922.

Copies of the general announcement and application blanks may be obtained at the post office.

JOHN P. JENKINS,
Local Secretary.

TURK TOWN BOMBARDED

CONSTANTINOPLE, June 8.—(By the Associated Press)—The Turkish town of Saunim, on the Black Sea, was bombarded yesterday by a Greek fleet. The bombardment caused some damage, the extent of which, however, has not yet been learned.

Commissioners Take Steps To Have Road Paved

County Commissioners in session at the court house approved the approximate estimates for the three types of construction on each section of the stretch of Ohio river highway, extending from Franklin Furnace to the Lawrence county line, a distance of approximately six miles, besides the board adopted a resolution approving plans and determining to proceed with the improvement.

Another resolution was also passed authorizing the issue and sale of bonds aggregating \$117,000 to pay the county, township and property owners' share of the improvement and directed the auditor to offer the bonds for sale at once in order that there may be no unnecessary delay in the proceedings as it is the desire of the officials that the contracts be let at the earliest time possible. This will allow the work to start soon and if plans do not miscarry the improvement will be completed within the year.

The work will be let in two sections and the character of the improvement and estimates are as follows:

Section "A-2A"—That begins at Franklin Furnace and extends easterly 3.13 miles at an estimated cost (for brick) of \$129,000, the county and state bearing equally the cost of same, or \$64,500 each.

For Re-inforced Concrete—\$118,000 the county and state to bear the cost equally, or \$59,000 each.

For Bituminous Macadam—\$108,000 the county and state to bear the cost equally, or \$54,000 each.

Section "B-2B"—Beginning at the south end of Section "A-2A" and extending to the Lawrence county line, 2.815 miles, (for brick) \$106,400, the county and state to bear the cost equally, or \$53,200 each.

For Re-inforced Concrete—\$98,500, the county and state to bear the cost equally, or \$49,250 each.

For Bituminous Macadam—\$87,000, the county and state to bear the cost equally, or \$43,500 each.

FIRE SWEEPS PITTSBURG PAPER PLANT

PITTSBURG, PA., June 8.—(By the Associated Press)—A general alarm of fire called all the city department to the plant of the Young Paper Company in 34th street this afternoon. Five men, including K. P. Young,

president of the company, were taken to nearby hospitals, all injured by explosions in the tar section, immediately after the fire started.

The flames spread rapidly and after enveloping the paper plant,

jumped to the main building of the Pittsburgh Malleable Iron Company, where the fire made rapid progress. Physicians who gave the injured men first aid, said that four of them were badly burned, they would probably die.

Brand Harding "Enemy Of Organized Labor"

HOUSTON, TEXAS, June 8.—(By the Associated Press)—A resolution condemning President Harding as an enemy of organized labor and declaring that all members of the organization should work to prevent his reelection, was passed today at the convention of the Brotherhood of Locomotive Firemen and Engineers here.

Court House

Continued For Investigation

The divorce suit of John W. Adams, N. & W. freight conductor, against Kelle Adams, 910 Third street, was heard by Judge Thomas in Common Pleas court Thursday on the plaintiff's petition and the defendant's answer and cross-petition and then continued for further investigation.

They were married in 1908, but have been separated since 1918. They have eight children, three of whom are minors.

Adams alleged willful absence and neglect and the wife charged cruelty and neglect and accused the plaintiff of associating with, and lavishing expensive gifts on another woman named Loretta Dixon, who lives on Ninth street, in this city.

Attorney E. G. Millar for Adams and T. C. Deatty for the wife.

BANNON-CHUCAL ES TRIAL IS ON

The first jury trial heard in Municipal court since that tribunal was inaugurated two and a half years ago came Thursday afternoon when the case of Arthur H. Bannon against Charles Chucal was being heard before Judge McCall and a panel of six jurors. The plaintiff sued on a claim of \$400 for legal services rendered the defendant in connection with the sale of the Chucal's interest in the Manhattan restaurant in April, 1921. In court Bannon told the jury that the charge was reasonable and Judge Blair on being called to the stand supported the plaintiff's statement.

The defense claimed that the charge was excessive, declaring that Bannon's services were of no benefit to him and insisting that the attorney was not working with the defendant's interest wholly at heart.

The jury hearing the case is composed of Jacob Brunner, Herman P. Multer, Henry Roth, William F. Bender, George Bauer and John Jordan.

Attorney J. F. Johnley for plaintiff and George S. Hawke, of Cincinnati, appeared for Chucal.

Community Chorus Makes Hit

The Ironstonian Thursday said: The Community Chorus of Portsmouth came to Ironton last evening and gave a most delightful entertainment to a large and appreciative audience in the auditorium of the First M. E. church. The large chorus is comprised of fifty voices which blend in perfect harmony and we can say that from the opening chorus to the closing number this brilliant song service was one of the best this city has ever had the pleasure to hear. This chorus has been highly praised by critics in large musical centers and one can predict they will gain in fame if they will only keep up this wonderful work and pleasure. The chorus is ably supported with splendid voices and soloists, which with their culture, harmony, technique and wonderful training, which goes to make up a chorus of this kind, they are sure to meet with success. Miss Lollie

Anderson, a sister to Mrs. Alan Jordan of Portsmouth, is a student at Pittsburg, Pa., where she is specializing voice, gave a number of vocal selections which proved to be a rare treat, and she was compelled to respond to numerous encores. Miss Anderson possesses voice of remarkable sweetness of tone and flexibility, and is most charming in her personality with a presence of ease and dignity and is a delight to her listeners. The chorus was supported and accompanied by Miss Dorrie Moore who is a musician of skill and note and excels in this line.

The chorus came for the benefit of the child welfare club, and a silver offering was taken which netted a splendid sum the amount to be used for the playground. This club is to be congratulated on their success of last evening and on giving Ironton music lovers such a rare treat which was so thoroughly enjoyed.

100 GRADUATES TONIGHT

One hundred young women and young men will form the Portsmouth high school graduating class tonight when the annual commencement exercises are held in the high school auditorium starting at eight o'clock. Congressman Simpson, D. Fess who is to deliver the class address this evening, arrived this afternoon via the C. & O. from Washington, D. C. He leaves here for Logan, Ohio.

A splendid program has been arranged for the graduation exercises.

Several chorus numbers will be rendered by the members of the class. Rev. Hugh I. Evans of the Second Presbyterian church will give the invocation and benediction and W. B. Altman, president of the Board of Education, will present the 100 diplomas.

The members of the graduating class have been issued several tickets each and today every seat had been reserved for the parents and friends of the graduates.

MORRIS McELHANEY UNDER ARREST

CINCINNATI, O., June 8.—Morris E. McElhaney, 41, agent for an oil company and living at 45 West Seventh street, was arrested by the police Wednesday for the Columbus (O.) authorities.

The above is believed to refer to Maurice E. McElhaney, formerly of

McDermott, who local officers have been searching for the past two months. He is wanted here to meet an indictment charging abandonment of his minor invalid daughter. Sheriff Riekey had been advised of McElhaney's arrest late this afternoon when he made an effort to get in touch with the Cincinnati officers.

SAYS OFFICER FIRED AT MACHINE

Harry Sherman and Roscoe Huffman were named given by two young men, arrested Wednesday evening by Traffic Officer Frank White of New Boston on disorderly conduct charges. They are to have a hearing this evening before Mayor William Newberry.

H. J. Sheaves, ordered into court for parking his car too near a fire plug, was fined \$1 and costs Wednesday by Mayor Newberry. Ralph Elliott ordered in for the same offense was dismissed.

Howard Everling forfeited his \$10 bond when he failed to appear to answer to a charge of driving his car without lights several nights ago.

Everling, who lives on Oak street, New Boston, says a traffic officer fired several bullets at his machine, one hitting the right front fender and the other the rear axle of his Ford coupe, Everling claims.

BIRTHS

Mr. and Mrs. Henry Miller announce the birth of an 8 lb 14 pound baby daughter Wednesday at their home, 1517 Robinson avenue. Mrs. Miller was formerly Miss Bernice Martin.

Inquest Held

Coroner Dr. J. D. Hendrickson this afternoon held an inquest in the death of the late John Livingston, who died while repairing the firebox of an N. & W. engine in the East Portsmouth shops three weeks ago. Five witnesses were examined: Frank Caudill, George Collins, Vance Daley, L. S. LaGrange and Orville Miller.

Prisoners to Be Arraigned

There will be a general arraignment of prisoners before Judge Thomas in Common Pleas court Friday morning when a number of persons indicted by the recent grand jury will be required to appear to meet the charges against them. Several of those indicted are already in custody while others are out on bond.

Seek Change In Road

H. Bailey and others presented a petition to the County Commissioners Thursday seeking a change in the location of a public road beginning at the intersection of the Portsmouth-Buena Vista pike and the Upper Twin Creek road through the lands of Bailey, Ray Humble, Charles Workman, Mrs. John Elliott, James R. Hemphill, R. A. Smith and John Hodge, a distance of about a mile.

The board will make a view of the proposed road on the morning of July 12 and fixed July 27 at nine a. m. as the date for the final hearing on the petition.

CHILDREN'S HOME MATRON RESIGNS

Mrs. May Workman who has served as matron of the Home for three years, tendered her resignation at the meeting explaining that she was leaving to return to her home in California. It was with much regret that the trustees voted to accept the resignation.

Reports showed that a great lot of shrubbery, as outlined by the State University expert, had been planted and was doing nicely. A commodious chicken house has also been completed to house the Home's 300 chickens. There are now 96 children in the Home and four more were ordered admitted on a temporary basis to assist a family over an emergency.

SURPRISE WEDDING IN JACKSON COUNTY

(Special To Times)

OAK HILL, June 8.—Miss Mary McCoy, aged 18, and John Gilliland, 21, two of Four Mile's well known young people, sprung a surprise on

their many friends by tying themselves to the county seat and becoming united in marriage. The bride was a member of this year's sophomore class of the local high school.

NEW BOSTON ALUMNI BANQUET FRIDAY

The New Boston High School Association will hold their annual banquet Friday night at Glenwood high school starting at eight o'clock. The class of eight graduates of 1922 will be presented by Miss Edith M. Johnson, teacher in the high school. Vernon Smith will preside as toastmaster and will receive the class for the association. Miss Thelma Davis, president of the class of 1922 will respond on behalf of the class.

The banquet will be served in the gym of the school by the Ladies Aid Society of the M. E. church. After the banquet the different toasts will be made with Superintendent D. E. Ross and Robert Poole making toasts in addition to those above mentioned. After the program in the gym the members will adjourn to the school auditorium where the 1922 class members will be initiated into the organization and other business transacted. The Alumni Association formed in 1919 has a membership of about 50.

Seeks Information

The Chamber of Commerce has received from Russell E. Townsend of Bogota, Columbia, South America, asking for literature regarding the opportunities of Portsmouth as a place of business and residence. Mr. Townsend failed to state his business but has been sent a quantity of literature that sets forth the possibilities of Portsmouth.

Miles That's What You're Buying

It's the cost of your mileage that deter-
mines your tire economy, not the price of
the tires. It's the extra thousands of
miles that make Firestone Cords the
choice of taxicab operators and other big
mileage consumers.

You can't buy mileage today cheaper
than Firestone is selling it—regardless of
what you pay to begin with.

What will give the Most Miles per
Dollar determines the processes and
methods Firestone employs. For in-
stance, Firestone Cords are built oversize,

cured on air bags and the cords gum-
dipped—because these processes add thou-
sands of miles to tire service.

Most tire makers find such operations
too difficult and costly from a manufac-
turing standpoint, but Firestone engineers
found the successful and practical way to
employ them.

The result is that Firestone Cords are
not only outstripping all previous mile-
age records this year, but the cost to the
user is the lowest in history.

Most Miles per Dollar

Firestone

GUM-DIPPED CORDS

Before the usual process of
curing, Firestone double-
dips the cords in a rubber solu-
tion that "gum-dips" and in-
creases their life with more gum.
This gum-dipping process
prevents wear caused by friction and in-
creases the reliability of the
cords.

There appeared no reason to believe that Colonel Thompson or Judge Smith would withdraw.

Governor Davis, close friends, although urging him to make the race, inclined to the belief today that the possibility of his entering the contest appeared slim. They pointed out that yesterday he had made up his mind not to be a candidate, but that an avalanche of appeals for him to enter had caused him to hold up final decision until late today or tomorrow.

Thomas J. Duffy, Democrat, chairman of the state industrial commission, weighed in late yesterday.

There is some speculation among local politicians as to whether Judge James G. Johnson will have to resign from the supreme court in order to seek the Democratic gubernatorial nomination. One side says it is the constitution that compels his resignation. The other side maintains that running for a nomination is not running for an office, should Johnson resign the post would be filled by appointment by Governor Davis.

Secretary of State Harvey C. Smith today filed his formal declaration of candidacy for the Republican nomination for governor with himself.

Former Lieutenant Governor John H. Arnold, of Columbus, filed for the Republican nomination for United States senator.

Senator William B. Chaffield, of Cincinnati, filed for the Republican nomination for lieutenant governor, as did Raymond J. Logan, of Cleveland Heights.

Harry Clay Smith, negro editor of Cleveland, filed for the Republican nomination for governor.

Secretary Smith's petition was signed by J. W. Horner, former prosecuting attorney of Licking county; E. A. Scott, former prosecuting attorney of Adams county; Frank M. Ransbottom, Zanesville manufacturer, banker and business man; Mrs. Ruth Mowsey Worrell, Dayton, assistant national director of Red Cross membership activities; Judge David F. Pugh, former common pleas judge and Columbus attorney; R. D. Williamson, New Jasper, agriculturist and former member of the state board of agriculture; Charles G. McJuthe, farmer, stock grower and state agriculturist for the past eight years; Mrs. Ida A. Durbin, Fredericktown, institute lecturer; Mrs. Nora A. Webster, Columbus, former secretary of the city B. Y. P. U., and W. N. Berry, Wilberforce College professor.

Planning Huge Zeppelin; Munich To Chicago In Twenty-four Hours

GENEVA, June 8.—(By the Associated Press)—Herr Börs, director of the Zeppelin works at Friedrichshafen, Germany, is planning an airship with a capacity of 300,000 cubic meters equipped with engines developing 3,000 horsepower and capable of flying from Munich to Chicago in twenty-four hours. The ship will be launched when the allied remove restrictions on manufacture of aircraft in Germany, he says.

Scott's Conviction Affirmed
YOUNGSTOWN, O., June 8.—(By the Associated Press)—The court of appeals today affirmed the conviction of David J. Scott, former Youngstown safety director, on charges of bribery in connection with liquor law violations. Mr. Scott had been sentenced to two years in prison.

Soldier Bonus

(Continued from Page 1)

amounts at least a month and perhaps six weeks.

This measure differs somewhat from the bonus bill and very widely from the bonus bill that was reported to the senate last year and later sent back to the senate committee at the request of President Harding. The most important change from the original measure is the elimination of the cash bonus and replacement features. As now drafted the legislation would give each veteran the right to select any one of the following plans:

Adjusted service pay, but only if the adjusted service credit did not exceed \$20.

Adjusted service certificate with bank and government loan provisions. Vocational training aid. Farm and home aid. Land settlement aid.

The estimated cost for each of these plans is \$16,000,000 for the cash payments; \$3,364,000,481 for the adjusted service certificates; \$412,425,000 for farm, home and land settlement aid and \$32,325,000 for vocational training.

The expenses under vocational training and the cash bonus would tend in 1925 under this estimate and those for farm, home and land settlement paid in 1929. Expenses under the certificate plan would continue to 2060, with a total of \$653,991,070 to 2043, when the certificates would begin to fall due.

Explaining the bill, Chairman McCumber said in his report that the amount of the adjusted service credit would be at the rate of \$1 a day for domestic service and \$1.25 for foreign service, less the \$60 bonus paid when the veterans were discharged from the service. In no event, however could the total exceed \$500 in the case of those who had only domestic service and \$625 for those who had both domestic and foreign service.

The adjusted service certificates payable at the end of twenty years from the date of issue or sooner upon death would have a face value of \$3015 times the total amount of the adjusted service credit. Until January 1, 1926, banks would be authorized to loan to the veterans an amount equal to 50 per cent of the adjusted service credit plus interest at the rate of 4 1/2 per cent compounded annually from the date of

the certificate. After January 1, 1926, the government would make loans on the certificates in varying amounts according to the time negotiated.

Political

(Continued from Page 1) The governor would be a candidate for the gubernatorial nomination at the Republican primaries if assured he would have no opposition. They say the governor feels that he is entitled to renomination without opposition. However, Chas. A. Thompson, of Cleveland, State Senator Arthur H. Day, of Cleveland, C. Homer Durand, of Coshocton, and Secretary of State Harvey C. Smith already have filed.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Dolly—Would you please print the names of some automobile factories that I might write to get a position. If there are any in Columbus, print their names and addresses.

THANK YOU.
Drop in one of the local automobile shops and ask to see their automobile directory, or ask them to give you the names of several factories. Of course, you know the Ford Motor Company is located in Detroit. The Chevrolet in Flint, Mich. The Allen Motor Co. is located in Columbus. Their address is 500 Dublin avenue, Columbus, Ohio.

Dear Dolly—Please tell me who to report a doctor to who is an habitual morphine eater. He is not capable of treating patients, and there ought to be something done to him and for him. He knows he is irresponsible, as he will not go out without having someone with him. Dolly, this doctor lives in Kentucky, but not near Portsmouth.

WANT-TO-KNOW.
If you have positive proof that he is a dope fiend, and if you are willing to stand back of what you say, you might report him to the State Medical Board of Kentucky, with headquarters at Frankfort. However, if you just think he is addicted to the drug, don't report him. It would be a terrible thing to ruin his reputation as a physician, and as a man, and spoil a promising career, just because you heard he was a dope fiend. On the other hand, it is nothing short of a crime for a physician to ruin his own life and endanger the lives of others by using morphine, and if the doctor you have in mind is a slave to the drug, he should be barred from practicing medicine until he is cured of the habit. Here's hoping you are mistaken.

Dear Dolly—I am a girl of 17, and in love with a boy of 21, who has asked me to marry him. I want your advice what to do, as I love him very much. He is talking about going away, and I cry about him nearly all the time. He has a job somewhere else and he wants me to go with him, but I am not old enough to leave home. Do you think he loves me. Answer as soon as possible.

BROKEN-HEARTED GIRL.
No, I don't think he loves you and it would be a good thing for you if he did go away. If he cared for you, or had any respect for your parents, he has no right to ask you to run away with him. He knows you are not old enough to get married, and he has no right to ask you to ruin

Several thousand people are expected to attend the Community Party to be held on the old Children's Home Grounds tomorrow afternoon and evening, under the auspices of the Woman's City Club.

The festivities will open at two o'clock and continue until dark. Entire families are planning to go out early and remain over for the closing exercises. There will be no admission to the grounds and all kinds of refreshments will be for sale, including ice cream, cake, pop, ice cream cones, sandwiches, candy, orangeade, etc. Those who have to work can go direct to the park from their place of business and buy their lunch on the grounds. A feature of the afternoon will be the Grecian dancing, under the direction of Miss Mary Griffin, at 4:30 o'clock. Another enjoyable feature will be the pony rides for the little folks. Every little tot in the city should have a ride on the ponies, and if their parents will take them to the grounds the children will be sure to get the ride. Don't forget the time and place, tomorrow afternoon, on the old Children's Home Grounds.

The following are the committees in charge of arrangements:
Entertainment—Mrs. E. S. Giffman, and committee to be appointed by Mrs. Giffman.
Location of booths—Miss Edna Stretch.

Ponies—Mrs. Alan Jordan, Mrs. J. W. Bannan, Mrs. H. A. Schirrmann.

Mrs. George Nichols, Greenup, Ky., spent yesterday with Mr. and Mrs. John Long, Vinton avenue.

MARRIAGE A LA MODE

The average man isn't over-judged to learn that with his wife he is acquiring a large following of in-laws. But in Poland it is different.

In the marriage contract the man does not inquire what a girl's portion is, but how many relatives she has, as each one may be relied upon for a gift.

It is not unusual for the woman to propose a match, through her parents.

Adventures Of The Twins

BY OLIVE ROBERTS BARTON

Quick as a wink he gave the Moon-Man a push.

COMET-LEGS was the rival of Mr. Peccabout, 'The Man-in-the-Moon.' One day he rode up to the moon on his star and hopped off.

"Now, then," said he, "I'll just go round to the cities of the moon and show the moon people how handsome I am. No doubt they'll put old Terrabunt out and give me his place."

"He's too old anyway, and earth folks want a change. I'll bet they're good 'n' tired having the same old moon run the same old way."

The idea tickled Comet-Legs so much he began to ro, ho and hee-hee till his round tummy shook up and down like a plum pudding. By 'n' by he came to a mountain top and looked down at the earth. When he got up, there was old Peccabout looking at him!

Quick as a wink he gave the Moon-Man a push, and away went he head over heels into space. Comet-Legs went on his way. He was so tickled he began to make up a song of his own.

This was it:

Mrs. O. D. Howard and two sons, O. D., Jr., and Edwin, and Mrs. Milvus Garner of Columbus are spending a few days with Mr. and Mrs. James A. Hager of Offshore street.

Group 11 of Trinity Ladies' Aid Society will hold a rummage sale Saturday, beginning at eight o'clock in the morning at the corner of Twelfth and Gay streets. All kinds of clothing will be on sale at reasonable prices.

Mrs. O. T. Heaberlin, N. & W. engineer on the Kenova sub-division, and his mother, Mrs. S. E. Heaberlin, of 1922 Eighteenth street, will leave tonight for a three weeks' visit at their old home in Crandall, Tennessee, near Bristol. The family left Crandall forty-one years ago, and this is the first time Mr. Heaberlin and his mother have visited the old home-place during that time.

"When I am the Man-in-the-Moon, As I really expect to be soon, I'll run it about, through the clouds in and out, And I'll turn night and day inside out without doubt! And at midnight I'll see that it's noon."

"The moon I'll send 'tother way 'round, That'll interest folks I'll be bound, From the west to the east, I shall shove it at least."

Quite half of the time after daylight has ceased From Pike's Peak to Long Island Sound."

Suddenly he stopped and gave a loud yell. "Stop that!" he shouted. But he was too late.

Nancy and Nick had come up in the sky and cut the rope he fastened his star with. Then they rode off on it toward the east.

Beautiful Carmel Myers Selected to Try Popular Beauty Method

CARMEL MYERS

Los Angeles, Cal.—When the favorite actress and well known beauty, Carmel Myers, was selected to try out and report on a beauty combination which has created a furore among discriminating girls, and women the choice was an admirable one. Here is her report: "I have given the beautiful Derwillo, and Liska cold cream a thorough trial and beg to say that I have found both delightful. I gladly recommend them to those who wish to beautify and preserve the skin and complexion. I have also had many favorable reports from in and out of the profession who have used this combination and they are just as enthusiastic over it as I am. I advise every girl and woman to add Derwillo and Liska cold cream to their morning and evening toilet."

Over one million girls and women use and recommend Derwillo in place of face powder. It truly is a wonderful beautifier. There is nothing like DERWILLO and Liska cold cream for dark, sallow skin, sunburn, windburn, freckles, tan, wrinkles, roughness and poor complexion. There is nothing better to beautify the hands and arms.

NOTE—Remember you get a free trial of Derwillo and Liska cold cream because if you are not pleased with them you can get your money back at any toilet counter of department stores or druggists from whom you made the purchase. This is certainly fair, so if you fault it, you go through life with a poor complexion. They are especially sold in this city under the above guarantee by Flood & Blake and Fisher & Streich. — Advertisement.

Railroad Officials Say There Will Be No Strike By Unions

Rickenbacker, Air Ace, Makes One Lap, Cross Country Fly

DETROIT, June 8.—Captain Eddie Rickenbacker, American "Ace" completed the first lap of his flight from Mitchell field to San Francisco, when he landed at Packard field here at 7:23 o'clock tonight. Rickenbacker plans to leave here at two p. m. tomorrow, for Chicago.

Rickenbacker's flight today was without incident, one stop being made at Bellefonte, Pa. He was accompanied by Eddie Stinson, another well known aviator.

At San Francisco, Rickenbacker will attend the Shriners' Convention, then take up a flight that will carry him through all sections of the country on a survey of landing fields for the army air service. He also plans to look into industrial and business conditions in the various cities visited.

CHICAGO, June 8.—Declaring that there is no talk of a strike among railway workers, the presidents of six Chicago roads tonight issued a joint statement charging that all threats of a walkout were being inspired by union leaders. The statement says in part:

"Threats of a strike made by leaders of the railroad labor unions, are appearing with such frequency that the time seems opportune for questioning the soundness of their talk. There is a very good reason for doubting whether the men themselves, that is the railroad employees, really are in sympathy with resistance to the decisions of the United States railway labor board.

"The truth is that the men have been expecting a reduction in their wages and have made, or are making, preparations to meet the new scale. There is no talk of strike among the men. The disturbing statements read by the public are prepared by leaders of the unions, whose viewpoint has been distorted by months of effort before the board to resist the inevitable downward trend of wages. The employees, on the other hand, are in the main since very interested in taking care of their jobs and their homes and few employees in any industry have more good reasons for doing so."

PREDICTS NO STRIKE

CLEVELAND, O., June 8.—A prediction that there will be no strike of railway employees was made today by Samuel O. Dunn, editor of the Railway Age, in an address before the American Association of Railway Accounting officers, in convention here. He based his prediction on the assertion that after the new awards reducing pay made by the railway board go into effect wages of most railway employees, measured by the cost of living, will be higher than they ever were before, except for a few months in which the cost of living has declined.

Furthermore, he declared, the wages of railway employees still will

Carpenter Hurt In Fall

James Hannah, a well known carpenter of South Portsmouth, had a close call from being badly hurt Wednesday afternoon when he fell off a scaffold while working on a

new home on Court street near Third. He fell a distance of 20 feet and was injured about the back, head and hips. He was attended by Dr. Carl Braunlin and was later removed to his home.

Buying Equipment

Announcement was made at the general offices of the Baltimore and Ohio Railroad company at Baltimore, that contracts for the building of 4,000 steel freight cars of the hopper and gondola types, and 1,000 box cars have or will be shortly closed, involving an expenditure in excess of \$6,000,000. These cars are partly in replacement of equipment retired and partly for additional equipment which, with the passenger equipment recently contracted for, will be covered by an equipment trust.

The contracts so far awarded are as follows:

To the Pressed Steel Car company 1,000 steel hopper cars and 1,000 steel gondola cars, to be built at their plants in the Pittsburgh district.

To the Standard Steel Car Company, 1,000 steel hopper coke cars to be built at the Curtis Bay plant, Baltimore, Md.

To Cambria Steel company, 1,000 70-ton steel 46-foot drop-end gondolas to be built at Johnstown, Pa.

First Time Shown in This City. Added Feature—Baby Peggy, The Three Year Old Child Star in Her New Comedy, "The Little Rascal." Shows at 1:30, 3:15, 6:30 and 8:15.

The ever popular Paramount star, Wallace Reid, is coming to the Eastland Theatre for three days starting tomorrow in "The Hell Diggers," his latest comedy in which he has the role of superintendent of a gold dredging corporation, full of pep and as nifty as they make 'em. Lois Wilson is leading woman in this picture. The added feature with this picture brings Baby Peggy, the three year old youngster in her latest comedy "The Little Rascal." Everyone will enjoy this good picture.

GIRDLES

Girdles this season are most interesting. Some are scarcely an inch wide, and others develop until they become the most noticeable thing on the whole frock. The metal ribbons are much liked for this purpose.

HER AILMENTS ALL GONE NOW

Mrs. Sherman Helped by Lydia E. Pinkham's Vegetable Compound

Lake, Michigan.—"About one year ago I suffered with irregularities and a weakness and at times was obliged to stay off my feet. I doctored with our family physician and he finally said he could not understand my case, so I decided to try Lydia E. Pinkham's Vegetable Compound. After I had taken the first bottle I could see that I was getting better. I took several bottles of the Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and I am entirely cured of my ailments. You may publish this letter if you wish."

There is one fact women should consider and that is this. Women suffer from irregularities and various forms of weakness. They try this and that doctor, as well as different medicines. Finally they take Lydia E. Pinkham's Compound, and Mrs. Sherman's experience is simply another case showing its merit.

If your family physician fails to help you and the same old troubles persist, why isn't it reasonable to try Lydia E. Pinkham's Compound?

HOSPITAL BOND ISSUE PASSED; QUESTION OF LEGALITY RAISED

When the referendum is invoked, some other legal obstacle bars the issue. The proposed improvement of the city hospital is a sure go. It was passed Wednesday night by the City Council at its regular session by a vote of six to three. The ordinance which had been under consideration for some time, authorizing a bond issue in the sum of \$200,000 for the purpose of providing for the cost of building an addition and to remodel the institution. The last bar to the proceeding was removed when Safety Director S. J. O'Brien presented plans and specifications for the probable life of the hospital improvement, which met the legal requirements demanded by City Auditor Earl Chandler and he signed the certificate. The city auditor had previously refused to sign the certificate on the grounds that the preliminary plans and specifications did not meet the requirements of the Griggs Act, which specifies the time limit for improvement. He is now depending on the probable life of the hospital improvement, and his action at that time held up passage of the legislation. The measure was supported by Members James Bauer, Charles Horst, Joseph Kuntz, Floyd Dinger, Edward Westphal and Charles Whitte and it was opposed by Miss Emma Cramer, Joseph Diener and George M. Osborn.

A resolution determining to proceed with the improvement was later adopted by a vote of 7 to 2. Although Acting Solicitor S. A. Jackson stated that the resolution was a formal matter, the opposition to the proposed improvement continued to throw spikes into the machinery and in the discussion which followed Judge Osborn said that the proceedings were illegal and irregular, giving it as his opinion that the resolution should have been introduced before the ordinance was put on its passage. Mayor Gableman took issue with the second member, declaring that he was advised by a legal authority that such action was not necessary.

Miss Cramer insisted that she had decided from the very start that it was necessary that a commission be named first and she stated she had information that the bonding companies would not bid for the bonds if the procedure was not proper. Member Diener joined the majority in voting for the resolution. Members Cramer and Osborn casting the only two votes against it. The resolution also provided for the appointment of a commission of five to be known as "Hospital Commissioners," subject to confirmation by Council, and this board will have complete charge of the preparation of final plans and specifications and the erection of the building.

President Albert Weghorst presided over the session and he speeded up matters owing to the hot weather yet much business was considered during the meeting which lasted more than two hours.

Petition signed by the Lee Lumber Company and 82 other citizens and taxpayers asking that the garbage dump on Eleventh between Washington and Court, be abated. Referred to Public Health and Health Committee.

Petition of 68 property owners on West Third street complaining of the sand and gravel and dirt being scattered on the street by wagons. The matter was referred to the safety and service departments and street committee.

Petition of J. W. Jordan and eight others for the improvement of an alley between Tenth and Eleventh on Hutchins avenue. Referred to Street Committee.

Petition from J. F. Johnson and two others asking that a sewer connection be made for their properties that same had been stopped up. Referred to the city engineer for action.

Petition from E. H. Coburn and eight others, asking improvement of an alley on the east side of Spring street. Referred to engineer for estimate.

Petition from James P. Jack and others for water and lights for the annual addition. It was stated by Councilman Westphal that the plot of that addition some three years ago was not accepted by the council so the matter was tabled.

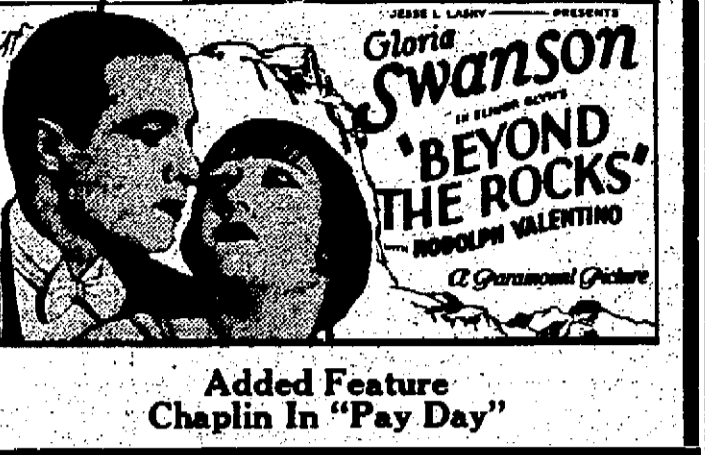

Petition of W. W. Bauer and seven others asking for a sanitary sewer on the south side of Second, east of Waller. Referred to engineer for estimate.

SICKLY CHILDREN NEED A TONIC

Nerv-Work Tonic Good, Aids Digestion, Regulates the Bowels, and Tones Up

Statistics have shown that large percentages of school children suffer from malnutrition and general debility and thus lag in their studies are listless and anemic. Under such handicap the question arises: "Has Your Child a Fair Chance?" Look at our children after school tonight. Is there a bag look-all targeted out? Are the eyes dull or sparkling with pep and healthy vigor? If there is not an excess of good health there is need of a reliable tonic and system regulator and there is none better than the famous Nerv-Work Tonic. It aids digestion, sweetens the stomach, has a mild but very certain action on the bowels, does not purge but gives healthy normal and regular action. It is just as good for old folks as for children and just as good for big, strong men as for delicate women. It is a reliable family remedy for nearly all ills coming from disordered stomachs and bowels and Nerv-Work is the greatest remedy in the world for indigestion and constipation. Most druggists sell it at one dollar a bottle. It is always for sale at Fisher & Streich drug store in this city, and every druggist is authorized to give the money back if the first bottle does not show encouraging results. — Advertisement.

To Improve Landing
The wharf committee made recommendations about the improvement of the landing approach and on motion of Councilman Diener, the same was referred to the city engineer, city solicitor and public landing committee to bring estimates that include three plans of improvement.

W. W. Bauer brought up a street assessment matter in the interest of Mrs. Jennie Kaps, that concerned the paving of Tenth street, claiming the assessment on five lots was clear out of reason. Referred to city solicitor for investigation.

Garbage Disposal
Dr. Oral D. Tarte, city health commissioner, brought up the garbage disposal proposition that had been discussed by the health board at its Monday meeting. There was considerable discussion about the proposition. Everybody seemed to be in favor of doing something, but who was to do it, and how, seemed to be the question. The communication was referred to the public health and health committee for recommendations.

The communication was as follows: Mr. President and Members of Council:
By order of the City Board of Health, I am before you for the purpose of calling the attention of your honorable body to the present garbage situation, and securing your cooperation in the matter of a permanent solution for the collection and disposal of garbage.

As the matter now stands, the city, through its service department, employs ten garbage men who furnish horse and wagon. Each of these cover a certain route and receive a salary of \$5.00 per day.

The garbage is collected and taken to the municipal garbage dumps. These are three in number in the city proper, and the location of same are as follows: Ninth and Court; Young and Galloway; Foot of Glover street. There is also such a dump in Sciotoville.

Council, in the semi-annual appropriations, provides for the payment of the labor payroll and there has been no provision made for the care of these dumps. In addition, the cleansing of vaults is halted when the water is over the bottom and when the ground is too soft for removal. The city has a contract with Mr. W. F. Seymore for ground in the bottoms to be used for this purpose. Recently, the board of health, service department and council, have received an unusual number of complaints relative to the unsanitary condition of these dumps.

We use lime on the dumps and cover same with dirt when available, but this affords only temporary relief and is very expensive in the long run.

An inspection of the garbage receptacles of the city reveals a deplorable situation and should be corrected. But, in order to improve this condition, the city should undoubtedly set the example. The present method of the collection of garbage is being done as well as could be expected under the circumstances.

Along the alley paving program, it will be absolutely necessary to improve the system of garbage collection. The wagons used for the most part are not built for this purpose. In an unimproved alley when the wet garbage drains from a wagon, this condition as a rule escapes notice, but when such a condition exists in an improved alley, it becomes immediately offensive and unsanitary.

In any event, the garbage dumps are doomed from a health and a sanitation standpoint, and must be eliminated. These dumps have been for years both the feeding and breeding places for rats and is the direct cause for the presence of an increasing number of rats which are infesting the city, and are fast becoming a menace as the citizens of Portsmouth well know.

It has been suggested that the city purchase and own wagons suitable for the collection of garbage and that a garbage incinerator be installed. This policy was adopted as a sweeping order making it compulsory on the part of a householder to have closed garbage cans could be more easily rigidly enforced.

The board of health and the undersigned desire, therefore, to call this matter to the attention of your honorable body so that same may be referred to the proper committee for report at the earliest possible moment.

Respectfully submitted,
ORAL D. TARTE,
Health Commissioner.

Merger Is Completed, Daugherty Gets Wire

WASHINGTON, June 8.—Attorney General Daugherty was notified today by long distance telephone of the completed plans for the merger of the Republic, Midvale and Inland Steel companies in accordance with a promise made the Attorney General May 24 that no merger would be consummated without giving him full details.

In a formal announcement of the receipt of this information, the Department of Justice said: "This agreed plan of proposed merger will be carefully studied and considered by the Department of Justice."

Strike Benefits Paid To Shoe Workers; More Coming On Saturday

CINCINNATI, O., June 8.—Strike benefits, totalling \$15,000, the first since the shoe workers went out several weeks ago, were paid today, the strike commission announced. Three thousand members of the boot and shoe workers union received payment today. The second payment of \$5 a week each is to be made on Saturday it was announced.

No action has been taken by the workers with regard to the ultimatum issued by the Cincinnati Boot and Shoe Manufacturers' Association that they would withdraw their wage offer of a ten per cent reduction unless it was accepted by June 10, and insist on a larger reduction.

17-Year Locusts In Vast Army Stop In Illinois Valley

AURORA, ILL., June 8.—A vast army of 17 year locusts moved on the Fox river valley today. So loud was the hum of the millions, persons were disturbed in early morning slumbers, and pupils in schools could not concentrate on their studies. In Batavia, Geneva and St. Charles where the flying hoppers appeared in great swarms, residents were much agitated. They feared for the destruction of trees and plants.

Their fears were heightened when trees became so thronged with the locusts that sunlight could not get through. Farmers said however, there was no great peril in the insects.

To Free Your Arms of Hair or Fuss

(Boudoir Secrets)
No toilet table is complete without a small package of delectable foam for hair or fuzz can be quickly washed from the skin. To remove hairs you merely mix into a paste enough of the powder and water to cover the objectionable hairs. This should be left on the skin about 2 minutes, then rubbed off and the skin washed, when it will be found free from hair or blemish. Be sure you get genuine delectable.—Advertisement.

Cincinnati Democrats Said To Favor Judge Johnson For Governor

CINCINNATI, O., June 8.—With the exception of a candidate for judge of the court of appeals, a complete ticket for the various congressional legislative and county offices was selected by the Democratic central committee of Hamilton county at its concluding session today.

While no candidate for governor was approved, it was said, that sentiment at the meeting favored Judge James Johnson of Springfield.

On the state ticket only Senators and representatives were endorsed. Action on other state offices will be taken as soon as a committee appointment today meets with committees from four other counties in this part of the state.

Operators Agree To "Check Off" As Demanded By Miners

ATHENS, O., June 8.—Announcement was made today by District officials of the United Mine Workers that the Sunday Creek Coal Company will accept the "check off" demanded by the Union for pumpers, several weeks ago. The pumpers of this company who quit work when the "check off" was refused will return to work immediately, and in addition a number of other men will be sent to the mines to clean them up so that operations will not be retarded when suspension of work is terminated it was said.

Pumpers in a number of other mines in the district, who left the mines for the same reason, are still idle. Other companies, it was said, are expected to fall into line since the Sunday Creek Company has agreed to honor the "check off."

The Sunday Creek Company's operations are among the largest in the Hocking field.

Muzzle Is Applied To Political Work By Some Officials

COLUMBUS, O., June 8.—An order issued by Dr. Edward B. MacAreal, State Director of Public Welfare, will prohibit Oscar E. Thompson, fiscal supervisor in the department, from speaking a good word in the primary election for his brother, Carl A. Thompson, a candidate for the Republican nomination for Governor.

Director MacAreal served all employees of the department with a letter warning that "partisan political activities on behalf of any of the candidates at the August primaries will be regarded with instant dismissal." While Mr. Thompson is not under civil service regulations the

director includes the entire force in his department in the ruling. This MacAreal order is said to be the first of its kind, although the former Board of Administration issued a card bearing upon the civil service regulations prohibiting political activities.

How I Got Rid of Burning Feet

And Pains from Corns and Bunions Without Suffering. Foot, Healed in 20 Days.

Prof. F. T. McIntyre, well known world tourist and lecturer, says: "For years I was compelled to wear shoes two sizes too large, to be able to walk with any comfort at all, I tried soaking my feet in medicated baths, powders, plasters and foot-treatments galore, but the burning, callouses, and soreness refused to go, while the pains from corns and bunions continued to torture both mind and body, which upset my entire nervous system. One day, very fortunately, I met a lady from Egypt who gave me a little box of Gypsy Foot Relief, which she said was a secret from the desert. After using it a short time, the awful burning stopped, the callouses came off in chunks, leaving the skin of my feet clean and smooth. 180 GRADE PUPILS RECEIVE CERTIFICATES

Portsmouth's high school auditorium was filled to overflowing last night when commencement exercises were held for 180 eighth grade pupils who received certificates of promotion from the elementary school to the high school.

The exercises were well arranged. Special musical numbers being given by the members of the class. The class address was given by Rev. Wm. C. Millikan, pastor of Trinity church while Prof. Frank Appel, superintendent of schools, presented the certificates of promotion.

The class of 180 young people seated in tier formation on the platform presented an inspiring sight. The girls of the classes wore white middie tops with red hair ribbon and red ties.

The opening number on the program was an orchestra selection "Love and Roses" by about ten members of the class which was followed by the chorus number "Night Hymn at Sea," all members of the class singing under the direction of Miss Harriet Scarff, teacher of music in the local schools. Invocation by Rev. Wm. H. Gleiker of First Presbyterian church was followed by a second chorus number "Hallelujah Chorus" from "Messiah," the entire class singing. Other musical numbers which were given after the class address included a piano solo by Roy Landmann, a vocal solo by James Wilhelm and the closing chorus number "Rest" by the graduating class. The presentation of certificates was made by Superintendent Appel who added a few words of encouragement to the pupils urging them not to stop in their onward and upward march for better education.

Rev. Millikan in his address to the class stressed the importance of service in their lives. He exhorted them to heart to heart for the students who now choose between going to work or continuing with a high school education.

In his address Rev. Millikan said in part:

"Do not pretend to know what you do not know. Decide on your life work in view of your whole life. Plan now for the future; choose the field for your labors after checking up of your abilities, then follow the path you have chosen persistently, energetically."

He asked: "Are you getting an education to succeed or to serve? Make your life service for therein lies the whole secret of success. Are you doing what you are paid for doing, or doing more? The employer has his eye on the workman and the one who does his work well is rewarded. A man who does as much as he is paid for doing and no more, will not get more pay. In choosing your life work, you should become a specialist, know how to do one thing well, but you should cultivate a wide general knowledge, which you will find helpful, wherever you go, in whatever life work you choose."

The young people who received certificates of promotion were:

Chicago Grain And Provisions

CHICAGO, June 8—With showers in the northwest and a decline in Liverpool quotations, wheat averaged a little lower in price here today during the early dealings. It was expected also that the government crop report this afternoon would prove moderately bearish, confirming private estimates. Commission house buying, however, developed quickly on the decline. The opening, which varied from unchanged to 1/2c lower, with July and September both 1 1/2 to 1 1/2c, was followed by slight rallies, but then by a setback all around to well below the initial level.

Closing quotations were unsettled, at the same as yesterday's finish to 1 1/2c higher, with July 1 1/2 to 1 1/2c and September 1 1/2 to 1 1/2c. Corn and oats were firm, owing more or less to talk of probable small-

THE MARKETS

NEW YORK STOCKS
NEW YORK, June 8—Gains and losses mainly within narrow limits. Attention the dull opening of today's stock market. Traders evidently were disposed to wait on impending developments before extending their operations for the long and short accounts. Formal announcement of the details of the Republic-Midvale-Atlas steel merger were without pronounced effect, aside from the moderate strength of some of that group. Ralls were neglected, but the street was not inclined to attach much importance to prospects of a railroad strike. Atlas Powder was conspicuous among the specialties rising four points. Foreign exchange eased on advice from Paris regarding the attitude of the reparations commission towards a German loan.

Although call money opened at the unusually low rate of 3 1/2 per cent, declines diminished steadily during the morning. Instances of the market's speculative character included extension of the rise in Atlas Powder to 6 1/2 points and an abrupt decline of 8 1/2 points in Dupont. Su-

Provisions reflected weakness of hog values.

The market closed steady at the same as yesterday's finish to 3/4c higher, July 60 1/2 to 60 3/4.

A Real Hair Saver

If your hair is falling out, prematurely gray, brittle, lifeless and full of dandruff, quick action must be taken to save it. Get from any drug or toilet counter today a bottle of Parisian Sage and use as directed—there's nothing else so simple, safe and effective. "Before going to bed I rub a little Parisian Sage into my scalp," says a woman whose hair is soft and fluffy. "It keeps away all dandruff—my hair is never dry, faded or scraggy, but retains its natural color and beauty." Parisian Sage is "inexpensive, and money refunded if not satisfactory." Warder Bros. sell lots of it.—Advertisement.

The horsehoe race has certainly tightened up since the last time the standings of the pitchers were published. At that time it looked like a runaway race for the Trinity First, but now the Campbell Ave. are coming closing up fast. Altogether it looks as if there would be the hottest kind of a finish staged on the final night.

The standing of the pitchers shows quite an upset from ten days ago. There have been a few shoot-ups, but the great feature of the sudden crash of some of the best pitchers and ringers is throwing.

Craig has lost the lead in ringer throwing to Hughes, who has been doing some classy pitching, and is now leading with a comfortable margin of 18 ringers. He has also slightly bettered Craig's average of 61.3 ringers per game, raising it to 62.3 ringers per game.

But while Craig has lost the lead in ringer throwing, he has taken it in point making, with Hughes fourth, though he has not quite equaled Doll's record, set last time of an average of 12 points a game.

Craig has also smashed the old record, held by Doll, of 86 points in a single evening, hanging up a new record of 92 for future pitchers to pitch at. Hughes holds the record for ringers in one evening, having connected safely 48 times during one rainy sunset. Dempsey is second with 41. But Craig's old record of 38 while pitching against an opposing team still holds good, though Dope has equalled it. W. Mitchell's record of 12 ringers in one game still holds good, and probably will for the rest of the summer.

The Hilltop A. C. has suddenly come to the front with the greatest number of ringers made by any team, having thrown 501. Their nearest rival is the Trinity First with 551. Campbell Ave. comes third with 535; the Iron Men fourth with 530; the Hilltop Eagles 517; Spring St. 450; Trinity Second 384; York Park 299; Excelsior 238.

As would be expected, the Trinity First leads in point making, having scored 1,441 points. Campbell Ave. is second with 1,296; the Eagles third with 1,282; the Hilltop A. C. fourth with 1,275; the Iron Men fifth with 1,190; Spring St. 1,140; Trinity Second 1,073; York Park 821; and Excelsior 682.

The Hilltop A. C. also hold three other records by their own little league. They have made the greatest number of ringers in an evening, 132, unopposed, and the greatest number

Games This Week
 Thursday, June 8—N. & W. vs. Vulcan Last.
 Friday, June 9—Vulcan Last vs. Central Labor.

Staging an exciting and belated rally in the last session, the Central Labor mauders gave a great exhibition of hitting which enabled them to move up on even terms with the first Excelsiors and get a "draw" for the day.

Entering the last round with the count 4 to 1 against them the tollers attacked the tired Mr. Greene with much vigor and showed a trio of tallies over the pun, knotting the score on Stillwell's single and home run by Lewis and Elliott. With but one man down Manager Joe Barber went to the rescue of the first slipping Mr. Greene, the showworker leader assuming the hill work himself and quickly nipped the rally by getting the next two batters. By this time darkness was settling over the arena and umpire eager kindly halted the proceedings and the combat will be played off some other day.

It was a splendid battle between the hurriers, Mr. Greene and Greene and the hurriers, Mr. Greene and Greene, the horrible thumping landed the Excelsior pitcher in the awful seventh. Outside of the first frame the Ripley southpaw was extremely effective and besides holding the enemy to six hits fanned nine and was all to the merry at the finish.

Here's how it all happened:

FIRST INNING
 Banfield walked on wide ones. Lowry bunted a single past first. Doherty fouled to Schweinsberg. Barber tripled to right, scoring Banfield and Lowry. Hengsen sent a long sacrifice fly to right, scoring Barber. Spencer's roller went through Dunham's legs for a single. Cunningham fanned. Three runs, three hits, no errors.

SECOND INNING
 Elliott first batted Bradford's error and then tossed wide, getting credit for a couple of errors. Greene fanned. Lowry batted to the box. No runs, no hits, two errors.

W. Monk fanned. Smith singled to center. Grimm singled to short. Frebbs singled to middle. Smith scoring. Schweinsberg fanned. Stillwell was tossed out by Greene. One run, three hits, no errors.

THIRD INNING
 Doherty singled to left and took second on a wild pitch. Barber fanned. No runs, one hit, no errors.

FOURTH INNING
 Greene fanned to left. Banfield singled to left, but died stalling. No runs, one hit, no errors.

FIFTH INNING
 Doherty was hit by a Frebbs flip, and stole. Barber fanned. Hengsen fanned. Frebbs fanned. Stillwell fanned. No runs, no hits, no errors.

SIXTH INNING
 Stewart walked. Bradford fanned. Greene tripled to center. Stewart scoring. Banfield batted, but Greene was nailed at the plate on Frebbs' toss to "Stilly." Lowry was out on his

THE STATE MUST BE HONEST

PUBLIC officials are taught a disturbing, but at the same time, let it be hoped, a valuable, lesson by the United States district court at Columbus.

It is more or less familiar, that about five years ago, following the directions of the law twenty-seven counties of the state, one of which unfortunately was Scioto county, made realty appraisement. At the time war prices prevailed on real estate, as on everything else, and the tax duplicates of the twenty-seven counties were much swollen in consequence.

On the other hand sixty-one counties declined to make the appraisement and two governors, Cox and Davis, sustained them in their declination.

The result was that gross and unjust inequality prevailed as between the relative taxes paid by the two divisions, as no means were found to reduce the increased appraisements.

A railroad company refused to pay its taxes, on the plea that all levies throughout the state should be fair and equal. Suit was brought against it in the Columbus court to enforce collection. On hearing this action has failed because Judge Sater holds the company was discriminated against, in that operating in a certain section of the commonwealth, it was asked to pay more taxes, than another corporation, of equal possession, operating in another section, was assessed. Therefore, levies for taxes being unequal and unjust were illegal and could not be collected.

The decision throws the tangled skein of Ohio's taxation system into confusion worse confounded and what will be the eventual outcome of it no one presumes to say.

It would be a merry time all around, if every tax-payer, who has been gouged, should be seized with a sudden purpose to sue for the recovery of the sums unlawfully collected from him.

A ROAD THAT LEADS THAT WAY

A saying is: All roads lead to Rome.

Once Rome was a republic. It delighted to honor its able and honest men. To be one of its governing body was to be greater than a king.

But Rome grew, it got to be a great country, wealthy with the booty and toll it robbed from conquered nations. Then Rome descended in the standard of public morality. It asked not of a candidate for public place: What are his talents? What is his character? The sole inquiry became: What is he worth and what will he pay?

Its officers were put up at public auction and Rome decayed and disintegrated, almost vanished as a nation.

Isn't America building a road Romeward in the primary? Isn't she there with putting up public office to the highest bidder?

There are evil signs and omens pointing that way. Newberry bought a Republican primary in Michigan. He went acquitted because the federal courts had no jurisdiction and Republican senators held their noses, on roll call, but they voted him to a seat with them at that.

As a mongrel progressive and reformer Pinchot got the Republican nomination for senator in the Pennsylvania Republican primaries. It cost him and his wife \$120,000 for strictly "legitimate" expenses thereof it is insisted. Well, let it go at that. How many Pennsylvanians has got \$120,000 or a wife that regards that sum as pin money to put it up for them that they might secure an office the pay of which for a full term is just one-fourth of \$120,000? Yes there may be several, but the average citizen, the man of worth and just ambition can't weigh in on such a scale as that.

He can't get publicity, he can't get an organization. Publicity may be clean enough in itself, but organization is a rather thin scheme for the corruption of voters, anyway it is just one step away from hoodluming. Not as much as one dollar out of ten, used for organizing actually goes in the way clean hands would handle it.

No, sir, when a man and his "friends" put up hundreds of thousands in a primary the poor aspirant has got no chance, at least not more than to put a pause in a system that is inevitably tending to put public offices on the auctioneer's block.

THE TALES WE ARE TOLD

TALE was when one heard many things in regard to the American tradesman, as compared to the foreigners of like pursuit, that was keenly to his discredit. From what is said now these strictures grew out of an inborn propensity to find fault with rather than from any real shortcoming.

Today writers of international repute are warmly asseverating that one of the most stubborn obstacles to general European revival is the dishonest attitude assumed, not only by tradesmen but by every person in the countries prostrated by war, towards Americans and travelers from those lands that the great catastrophe did not touch directly.

Everywhere there is a common and concerted purpose to make them the victims of fraud and extortion. Let the language or carriage of a wayfarer proclaim he is from America, Sweden, Argentina, or any neutral nation and immediately his victimizing is set. Rates at hotels, restaurants and theatres and the prices on any articles jump anywhere from six to ten times.

Germany and France have the unenviable distinction of being reputed the most voracious extortioners of all.

You Needn't Call the Police

It's just a part of the annual play by Bernard College seniors. The cavewoman is Miss Margot Emerson and her victim is Miss Roberta Dunbacher.

THE BIBLE IN PICTURES AND TEXT

By HELEN E. OHRENSCHALL

SENT BACK INTO THE WILDERNESS

THE children of Israel murmured against Moses and Aaron and asked why God had brought them into this land to be killed. They wanted another captain and to go back to Egypt. The Lord was greatly displeased. Moses prayed that He would not destroy them. The Lord heard his prayer, but said the people had so often doubted and disobeyed that they should not go into Canaan but back into the wilderness. Yet they disobeyed and went and the people of the land fought against them and they were driven back into the wilderness where they wandered forty years.

New York-Day-By-Day

BY O. O. MCINTYRE

NEW YORK, June 8—In the early morning the East Side's push cart army winds its sluggish way through cross streets to the busy marts. There are Greeks, Italians and Turks, clad in corduroy suits, white aprons, caps and plow shoes. They whistle and sing as they trudge along.

The picturesque little carts, topped by huge sun umbrellas, are filled with hot frankfurters, lemonade—2 cents a glass, chocolate bars, chewing gum and other staple gastronomic gew-gaws. They cover certain routes every day.

On the sides of their carts are painted inscriptions: "George, the Greek," "Nick, the Busy Bee," "Pedro who loves America," "Buy from me!" and I want to be a big American business man." It is a touch of America in the making for the push-cart men of today are the East Side shopkeepers of tomorrow.

A few short steps from Forty-Second Street on Fifth Avenue is one of New York's largest confectionery stores. It is owned by a Greek who five years ago sold ice cream brackets at the curb in front. His was the success of syndication. With his earnings he started others, pushing carts and took a percentage of the earnings.

The push cart men live in abandoned slum cellars. As a class they are the thriftiest among the newly arrived immigrants. At dusk daily a long line of them stand in waiting to deposit their meagre earnings in an all night Bowery ten cent savings bank.

They live through the hard, bitter days with high hope. In far off countries wives and sweethearts are waiting for news of their success. The police keep them moving and hundreds are arrested daily for blocking traffic, but they pay their \$2 fines—perhaps a week's earnings—and rarely complain. They seem to know that in the end they will succeed.

The cut glass wash-rag or the fur-lined bathtub should go to the intrepid soul who walked down Broadway the other day at the luncheon hour with his straw hat in one hand and his toupee in the other. The gentleman was suffering from the heat and cared not a whit who knew it.

A stage director who is notorious for his discipline discharged one of the most celebrated beauties of the most celebrated theatres of a summer show before the entire company this week. While she was going through the intricacies of a dance number at rehearsal a uniformed messenger boy stopped into the picture and handed her a package. "What is that?" thundered the director.

rector.
 "Scotch" was the reply.
 "You're fired," he shouted.
 "But I bought it for you," cooed the beauty. But the director wouldn't be mollified. He has been kidded by experts.

Bryant Park, the haven for homeless and unemployed men, is to have a subway station. The kiosk will be placed in the center of the square. When workmen invaded the park to begin digging the other day they had to ask a lotterer to move from a bench. Then the fun began. He insisted that the bench was his home. He had slept on it for three months. It took five policemen to carry him away. "And they call this a free country," he shouted in broken English as they tucked him in a Black Maria.

IF YOU ARE WELL BRED

You acquire as broad an education as possible that you may be more interesting and stimulating to others.

If your early education was limited you overcome this by reading and study and by acquiring a good vocabulary so that you are able to express what you do know.

If you do not know French, you acquire enough so that a menu in French is intelligible to you. Otherwise you may sometimes find yourself embarrassed.

All of which is not to the star's discredit if true. The interesting point to me is that the cafe bootlegging fiddler has a valet.
